

2017
IMPACT
REPORT

NONE
OF THIS

WITHOUT
YOU.

Message from Karen and Michael Berg

Dear Valued Donors,

On behalf of all of us here at The Kabbalah Centre, we would like to personally thank you for enabling us to expand our reach and increase our capacity to share this wisdom throughout the world. It is thanks to your generosity that we have been able to make the incredible strides you will see detailed in this impact report. In 2017, The Zohar Project visited four cities; Denver, Chicago, Berlin, and New Orleans, sharing tens of thousands of Zohars. We also saw record highs in Kabbalah 1 class registrations, and a new Kabbalah.com, where for the first time ever, we are sharing new articles every day, enabling students to remain inspired, empowered, and connected to this wisdom. These are such notable achievements, knowing that Kabbalah is accessible to more people, and in more places and platforms than ever before.

None of this would be possible without you. It is because of the commitment and dedication of our donors that we are able to continue the dissemination of this wisdom, revealing more and more Light in the world. We know we share this gratitude with all of our students, volunteers, employees, chevre and staff here at The Kabbalah Centre, as we continue onward together, to achieve our mission of removing pain and suffering from the world. May we all merit seeing the completion of this goal in our lifetimes.

With love,

Karen & Michael Berg

KCCC

The Kabbalah Centre Charitable Causes provides humanitarian aid to people in need in partnership with other non-profit organizations. Through our partnership with Habitat for Humanity, we completed construction of five homes for families in need in Downey, California. In less than one year, we not only provided funds towards affordable housing and neighborhood revitalization, but our work with Habitat gave us a chance to work alongside these families in the building of each of these residences. The community named "Puebla de Luz," House of Light, is composed of two-story homes with sustainable energy features throughout its three-bedroom/two-bath units and houses families transitioning from difficult and substandard living conditions. We hope that the environment of strong, stable homes enables residents to become beacons of Light for each other, their neighbors and their community. Completing these homes created a tremendous opportunity to put into practice one of the most important spiritual principles we teach at The Kabbalah Centre --- to give back to those in need.

THANK YOU
